FISH KITCHEN 1931

A Historic Fish & Chip Experience

The Fish Kitchen family was born out of an idea. An idea to bring the finest fish and chip shop fare to our community. Family is at the heart of everything we do and our restaurant is designed to bring families together. Equally as important to us is our industrial heritage, we celebrate this by focussing on in our booths with 6 local colleries. So sit back and relax and be immersed in a historic dining experience.
